# Software is ruling the world

---

- APIs are ruling the software world
  - Functional programming is back!
    - Java 8

# Prepare your child for the future

Kodable builds 21st Century skills kids need,  
regardless of their future profession.

Problem Solving Skills

Critical Thinking

Computational Thinking

Collaboration

Perseverance

Common Core Standards

# Tools for Learning Programming

---

- Blockly Maze
  - CloudCoder
    - PC-1 - a set of 21 problems
      - Dose - 0 (multiply, smaller, divide)
      - Dose - 1 (liberally ask help from mentors)
      - Dose - 2 (“Reset” and try again)
      - Dose - 3 (“Reset” and try again after *1 week*)
    - Practice, practice, practice
      - while @KITE, while @home
-
